

1 BILL NO. S-78-06-35 (as amended)

2
3 *amended in
Reg. 12/3/78*
4
5 SPECIAL ORDINANCE NO. S- 155-78

6 AN ORDINANCE amending certain sections of
7 Chapter 24 "Sewer and Sewerage Systems"
8 so as to increase the rates prescribed.

9 WHEREAS, it is necessary to increase the rates charged for use
10 of the Water Pollution Control Service owned and operated by the City
11 for the benefit of its inhabitants and of the inhabitants of the surround-
12 ing area who take advantage of its existence, in order to pay the increased
13 operating expenses and other costs incidental to the operation and mainten-
14 ance of the newly expanded Water Pollution Control Treatment Plant.

15 NOW THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY
16 OF FORT WAYNE, INDIANA:

17 SECTION 1. That Chapter 24 of the Municipal Code of the City of
18 Fort Wayne, Indiana, 1974 is amended to be and read as follows:

19 ARTICLE VII. USER CHARGES

20 701. User Volume Charges. The water usage schedule upon which charges
21 for services rendered by the Sewer Utility shall be based on water
22 consumption unless otherwise metered or exempted in accordance with
23 the following user classifications and the following charges for
24 services for each such classification:

<u>Service Charge (cents per 100 cu. ft.)</u>	<u>Class of User</u>	
	<u>Domestic</u>	<u>Manufacturing</u>
Treatment	17.5	17.5
Conveyance, Collection, Billing	17.3	11.3
Capital	11.1	3.4
Total User Charge	<u>46.2</u>	<u>31.5</u>

25 702. User Minimum Charges. In the event the monthly sewage service charge
26 calculated in accordance with the water consumption schedule exhibited
27 above does not exceed the minimum monthly charge for each class of
28 user as set forth hereafter, user shall pay said minimum monthly
29 charge in lieu of the charge calculated based on water usage.
30
31
32

Water Meter SizeMinimum Monthly Charge

5/8 - 3/4"	\$ 2.72
1 - 1 1/2"	5.16
2"	16.65
3"	33.44
4"	55.58
6" or larger	154.39

703. User Flat Charges. In the event any user is not a metered water customer, there shall be imposed flat charge rates as follows:

<u>Classification of Customer</u>	<u>Monthly Flat Charge (1)</u>
Domestic User - Single Family Residence	\$6.70
Domestic User - Multi Family Residence	To be estimated by City
Commercial & Industrial User	To be estimated by City

(1) Subject in addition, if applicable, to zone surcharge.

Estimates of monthly flat charges for multi-family residences shall be based on the number of family units accommodated by the system multiplied by the single family residence monthly charge.

Estimates of monthly flat charges for commercial and industrial establishments shall be either estimated based on number of employees, manufacturing processes used and other pertinent sewer use indicators or based upon outfall measurements where available.

704. Regional Contract Sewage Treatment Charges. In the event the City consummates a contract to serve as a regional treatment plant for any other municipality or private sewage utility, either contiguous to the City or in its environs, said contract shall provide for the following unit charges:

Volume Charge (cents per 100 cu. ft.)

Treatment	17.8
Capital Charge	11.1
	<u>28.9</u>

Variable Charge (cents per 100 cu. ft.)

A variable charge for conveyance and collection costs attributable to that portion of the conveyance system and operating costs associated therewith used by the contract customer shall be computed by the City and added to the volume charge.

1 Flat Charge

2 In addition to the foregoing charges based on volume of sewage
3 treated and conveyed each contract customer will pay a monthly
4 billing charge of \$.50 and a monthly surveillance charge of \$75.00.

5 Excess Strength of Waste Surcharge

6 In the event a contract customer contributed waste having a strength
7 in excess of domestic waste characteristics, as hereinbefore defined,
8 a surcharge based on the following unit process charge will be in
9 effect for all waste found to be in excess of limitations:

	<u>Cents Per Pound</u>
Suspended Solids - (SS)	3.731
Biological Oxygen Demand - (BOD)	3.736
Phosphorus - (P)	35.154

13 Capital Surcharge

14 In the event contract customer delivers sewage for treatment to
15 City for a period of 90 consecutive days which is in excess of base
16 MGD contracted for, then customer will be subject to an additional
17 capital charge computed at the capital charge (per 100 cu. ft.)
18 then in effect times the excess percentage of MGD represented by
19 dividing actual MGD by contracted MGD.

20 Zone Surcharge

21 The total of foregoing charges for which any contract customer will
22 be liable to City hereunder may be increased by the zone surcharge
23 rate set forth in Article IX hereafter if said contract customer
24 qualifies by reason of location.

25 Other Provisions

26 In the event sewage received pursuant to any contract entered into
27 under this section exceeds any of the limitations imposed by Chapter 24,
28 the City shall have the right to impose all charges, limitations and
29 penalties applicable to any non-contract user served by the City.
30 Each contract entered into by the City pursuant to the foregoing rate
31 classification shall provide that contract customer shall agree to
32 enact and maintain a Sewer Use Ordinance, Industrial Cost Recovery

System and User Charge System acceptable to the City and in conformance with the City's obligations under Sec. 204B(1), Public Law 92-500 as amended and supplemented and guidelines and regulations promulgated thereunder by the U.S. Environmental Protection Agency and 40 CFR 35.905-8, 35.928-1 and 35.928-2, and 35.935-13.

705. Bulk Waste Charges.

Industrial - For all industrial waste picked up from customer and hauled in City's vehicles to plant - \$148.75 per load.

Domestic - For all domestic waste delivered to plant by customer's truck or tank - \$21.75 per load. For purposes of computing charges hereunder, a load is defined as 1,000 gallons of tank capacity.

706. Annual Review of Service Charges. Prior to May 1 of each year, the General Auditor of the City Utilities and an independent certified public accountant employed for that purpose will submit to the Board of Public Works a comparison of the calculated unit cost for flow, removal of BOD, suspended solids, and phosphorus from the sewage treatment plant influent during the previous calendar year, with the unit charges currently in effect, in order that the Board may determine whether the current service charges and surcharges are adequate or should be changed. The methodology utilized in developing this cost comparison shall include:

1. A system including the distribution of the cost of operation and maintenance of the treatment works of the WPC Utility to each user class in proportion to such user's contribution to the total waste loading of the treatment works. Factors such as strength, volume, and delivery flow characteristics shall be considered and included as the basis for the user's contribution to insure a proportional distribution of operation and maintenance and replacement costs to each user class.
2. Total annual service charges and surcharges collected from each individual user class shall be deemed sufficient if said charges have generated during the prior operating period sufficient revenue to offset the cost of all treatment works operation and

1 maintenance provided by the Utility, including cost of management,
2 system repair and replacement, debt retirement and other costs
3 incidental to the Utility operation, attributable to such class.
4

5 ARTICLE VIII. STRENGTH-OF-WASTES SURCHARGE

6 801. Liability for Surcharge. Each user discharging wastes into the
7 sewerage system shall be subject to a strength of wastes surcharge,
8 in addition to other sewage service charges imposed by this ordinance,
9 based on the following minimum strength characteristics to the extent
10 that such wastes are in concentrations greater than as follows:

- 11 a. Biochemical oxygen demand of 220 milligrams per liter
12 b. Chemical oxygen demand of 440 milligrams per liter
13 c. Suspended solids content of 250 milligrams per liter
14 d. Phosphorus content of 10 milligrams per liter

15 802. Computation of Surcharge. The surcharge shall be determined as
16 follows:

- 17 a. The excess pounds of BOD or COD (whichever results in the higher
18 charge, suspended solids, and phosphorus will each be computed
19 by first multiplying the user's billing sewage volume measured
20 in units of 100 cubic feet for the current billing period by
21 the factor 0.0062321 and then multiplying this product by the
22 difference between (a) the concentrations measured in milligrams
23 per liter of the BOD (or COD), suspended solids, and phosphorus
24 respectively in the user's sewage and (b) the allowed concentra-
25 tions set out in paragraph 801. The surcharge for each consti-
26 tuent will then be determined by multiplying the excess pounds of
27 each constituent by the appropriate rate of surcharge set out in
28 paragraph 803. In the event COD measurement is used, as herein-
29 before provided, 50% of the excess pounds measured will be used
30 to compute the equivalent BOD charge.

31 803. Rates of Surcharge. The rate of surcharge for each of the afore-
32 mentioned constituents shall be as follows:

- 1 a. For biological oxygen demand (BOD) 3.736 cents per gallon
2 b. For suspended solids (SS) 3.731 cents per gallon
3 c. For phosphorus (P) 35.754 cents per gallon

4 804. Waste Evaluation Charges. All users discharging wastes into the
5 system requiring continuing surveillance, sampling and waste
6 evaluation shall be subject to a monthly fixed charge to cover
7 the costs of such services in the amount of \$75.00 per discharge point.

8 805. Revision of Rates of Surcharge. Prior to May 1 of each year, the
9 General Auditor of the City Utilities and an independent certified
10 public accountant employed for that purpose shall submit to the
11 Board of Public Works a comparison of the calculated unit costs for
12 removing BOD, suspended solids, and phosphorus from the Sewage
13 Treatment Plant influent during the previous calendar year with the
14 unit charges currently in effect in order that the Board may determine
15 whether the current rates of surcharge are adequate or should be
16 changed and request legislative enactment of said changes by the
17 Common Council.

18
19 ARTICLE IX. ZONE SURCHARGE

20 901. The charges for sewerage services rendered to users situated outside
21 the primary zone of the City of Fort Wayne shall be 135% of the
22 charges collected from users for the same services rendered within
23 the primary zone as defined and described in the map attached hereto
24 and made a part of this ordinance. The purpose of this surcharge is
25 to recover funds contributed from civil city tax levies used hereto-
26 fore to construct facilities of the sewage works located within the
27 primary zone. This surcharge shall terminate on December 31, 1981
28 or after collections therefrom shall equal \$990,000.00 whichever
29 occurs sooner.

30
31 ARTICLE X. BILLING OF SERVICE CHARGES

32 1001. Billing Period. Charges for sewerage service shall be prepared and

1 billed by the General Office of the City Utilities along with the
2 bills for water service and shall be payable at the General Office
3 at the same time as the water bills.

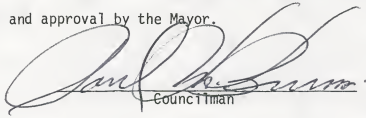

4 1002. Liability for Payment. The charges for sewerage service shall be
5 billed to the person being billed for water service unless, by
6 contract with the Utility, another person assumes such responsibility.
7 If a tenant is billed, the owner shall in no way be relieved of
8 liability in the event payment is not made by the tenant as herein
9 required. Such owner shall have the right to examine the City's
10 collection records to ascertain whether such charges have been paid.

11 1003. First Billings. The rates, charges and surcharges fixed in this
12 ordinance shall be extended to and cover any additional premises
13 hereafter served without the need for any hearing or notice. If the
14 first billing to a new user covers a period other than a full billing
15 month, then the service charges for such billing shall be made in
16 keeping with standard practice in the Water Utility. Subsequent
17 sewerage service billings shall be for periods coinciding with the
18 billing periods for water service. If such rates, charges and/or
19 surcharges are changed, the first billing after such change may also
20 be for a period other than a full billing month in order to keep the
21 sewerage billing periods coincident with the water billing periods.

22 1004. City Subject to Charges. For sewerage service rendered to the City,
23 the City shall be subject to the same rates and charges herein
24 established for other persons or to rates and charges established
25 in harmony herewith.

26 1005. Consolidation of Accounts. Where an industrial, commercial or other
27 non-residential enterprise is operating in a unified manufacturing
28 or service area composed of two or more contiguous parcels of real
29 estate and is supplied with water through two or more meters, upon
30 application by the owner or his authorized agent, a consolidation of
31 the water meter readings shall be made for the purpose of calculating
32 the sewerage service charge.

1 SECTION 2. That this Ordinance shall be in full force and
2 effect upon passage and approval by the Mayor.

9 ***Public hearing set for Tuesday, June 27, 1978 at 7:30 o'clock, P.M., E.S.T.

AN ORDINANCE amending certain sections of
Chapter 24 "Sewer and Sewerage Systems"
so as to increase the rates prescribed.

WHEREAS, it is necessary to increase the rates charged for use
of the Water Pollution Control Service owned and operated by the City
for the benefit of its inhabitants and of the inhabitants of the surround-
ing area who take advantage of its existence, in order to pay the increased
operating expenses and other costs incidental to the operation and mainten-
ance of the newly expanded Water Pollution Control Treatment Plant.

NOW THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY
OF FORT WAYNE, INDIANA:

SECTION 1. That Chapter 24 of the Municipal Code of the City of
Fort Wayne, Indiana, 1974 is amended to be and read as follows:

ARTICLE VII. USER CHARGES

701. User Volume Charges. The water usage schedule upon which charges
for services rendered by the Sewer Utility shall be based on water,
consumption unless otherwise metered or exempted in accordance with
the following user classifications and the following charges for
services for each such classification:

<u>Service Charge (cents per 100 cu. ft.)</u>	<u>Class of User</u>	
	<u>Domestic</u>	<u>Manufacturing</u>
Treatment	19.0	16.8
Conveyance, Collection, Billing	18.5	14.3
Capital	<u>11.8</u>	<u>8.9</u>
Total User Charge	<u>49.3</u>	<u>40.0</u>

702. User Minimum Charges. In the event the monthly sewage service charge
calculated in accordance with the water consumption schedule exhibited
above does not exceed the minimum monthly charge for each class of
user as set forth hereafter, user shall pay said minimum monthly
charge in lieu of the charge calculated based on water usage.

1 Water Meter Size

Minimum Monthly Charge

2 5/8 - 3/4" \$ 2.90

3 1 - 1 1/2" 8.70

4 2" 17.75

 3" 35.65

 4" 59.25

5 6" or larger 164.60

6 703. User Flat Charges. In the event any user is not a metered water

7 customer, there shall be imposed flat charge rates as follows:

8 Classification of Customer

Monthly Flat Charge (1)

9 Domestic User - Single Family Residence \$7.15

10 Domestic User - Multi Family Residence To be estimated by City

11 Commercial & Industrial User To be estimated by City

12 (1) Subject in addition, if applicable, to zone surcharge.

13 Estimates of monthly flat charges for multi-family residences shall

14 be based on the number of family units accommodated by the system

15 multiplied by the single family residence monthly charge.

16 Estimates of monthly flat charges for commercial and industrial

17 establishments shall be either estimated based on number of employ-

18 ees, manufacturing processes used and other pertinent sewer use in-

19 dicators or based upon outfall measurements where available.

20 704. Regional Contract Sewage Treatment Charges. In the event the City

21 consummates a contract to serve as a regional treatment plant for

22 any other municipality or private sewage utility, either contiguous

23 to the City or in its environs, said contract shall provide for the

24 following unit charges:

25 Volume Charge (cents per 100 cu. ft.)

26 Treatment 19.10

 Capital Charge 11.80

27 30.90

28 Variable Charge (cents per 100 cu. ft.)

29 A variable charge for conveyance and collection costs attributable

30 to that portion of the conveyance system and operating costs associated

31 therewith used by the contract customer shall be computed by the City

32 and added to the volume charge.

Flat Charge

In addition to the foregoing charges based on volume of sewage treated and conveyed each contract customer will pay a monthly billing charge of \$.50 and a monthly surveillance charge of \$75.00.

Excess Strength of Waste Surcharge

In the event a contract customer contributed waste having a strength in excess of domestic waste characteristics, as hereinbefore defined, a surcharge based on the following unit process charge will be in effect for all waste found to be in excess of limitations:

Cents Per Pound

Suspended Solids - (SS)	3.978
Biological Oxygen Demand - (BOD)	3.983
Phosphorus - (P)	38.177

Capital Surcharge

In the event contract customer delivers sewage for treatment to City for a period of 90 consecutive days which is in excess of base MGD contracted for, then customer will be subject to an additional capital charge computed at the capital charge (per 100 cu. ft.) then in effect times the excess percentage of MGD represented by dividing actual MGD by contracted MGD.

Zone Surcharge

The total of foregoing charges for which any contract customer will be liable to City hereunder may be increased by the zone surcharge rate set forth in Article IX hereafter if said contract customer qualifies by reason of location.

Other Provisions

In the event sewage received pursuant to any contract entered into under this section exceeds any of the limitations imposed by Chapter 24, the City shall have the right to impose all charges, limitations and penalties applicable to any non-contract user served by the City. Each contract entered into by the City pursuant to the foregoing rate classification shall provide that contract customer shall agree to enact and maintain a Sewer Use Ordinance, Industrial Cost Recovery

1 System and User Charge System acceptable to the City and in conformance
2 with the City's obligations under Sec. 204B(1), Public Law 92-500
3 as amended and supplemented and guidelines and regulations promulgated
4 thereunder by the U.S. Environmental Protection Agency and 40 CFR
5 35.905-8, 35.928-1 and 35.928-2, and 35.935-13.

6 705. Bulk Waste Charges.

7 Industrial - For all industrial waste picked up from customer and
8 hauled in City's vehicles to plant - \$148.75 per load.

9 Domestic - For all domestic waste delivered to plant by customer's
10 truck or tank - \$21.75 per load. For purposes of computing
charges hereunder, a load is defined as 1,000 gallons of
tank capacity.

11 706. Annual Review of Service Charges. Prior to May 1 of each year, the

12 General Auditor of the City Utilities and an independent certified
13 public accountant employed for that purpose will submit to the Board
14 of Public Works a comparison of the calculated unit cost for flow,
15 removal of BOD, suspended solids, and phosphorus from the sewage
16 treatment plant influent during the previous calendar year, with the
17 unit charges currently in effect, in order that the Board may
18 determine whether the current service charges and surcharges are
19 adequate or should be changed. The methodology utilized in develop-
20 ing this cost comparison shall include:

- 21 1. A system including the distribution of the cost of operation and
22 maintenance of the treatment works of the WPC Utility to each
23 user class in proportion to such user's contribution to the total
24 waste loading of the treatment works. Factors such as strength,
25 volume, and delivery flow characteristics shall be considered and
26 included as the basis for the user's contribution to insure a
27 proportional distribution of operation and maintenance and re-
28 placement costs to each user class.
- 29 2. Total annual service charges and surcharges collected from each
30 individual user class shall be deemed sufficient if said charges
31 have generated during the prior operating period sufficient
32 revenue to offset the cost of all treatment works operation and

1 maintenance provided by the Utility, including cost of management,
2 system repair and replacement, debt retirement and other costs
3 incidental to the Utility operation, attributable to such class.
4

5 ARTICLE VIII. STRENGTH-OF-WASTES SURCHARGE

6 801. Liability for Surcharge. Each user discharging wastes into the
7 sewerage system shall be subject to a strength of wastes surcharge,
8 in addition to other sewage service charges imposed by this ordinance,
9 based on the following minimum strength characteristics to the extent
10 that such wastes are in concentrations greater than as follows:

- 11 a. Biochemical oxygen demand of 220 milligrams per liter
- 12 b. Chemical oxygen demand of 440 milligrams per liter
- 13 c. Suspended solids content of 250 milligrams per liter
- 14 d. Phosphorus content of 10 milligrams per liter

15 802. Computation of Surcharge. The surcharge shall be determined as
16 follows:

- 17 a. The excess pounds of BOD or COD (whichever results in the higher
18 charge, suspended solids, and phosphorus will each be computed
19 by first multiplying the user's billing sewage volume measured
20 in units of 100 cubic feet for the current billing period by
21 the factor 0.0062321 and then multiplying this product by the
22 difference between (a) the concentrations measured in milligrams
23 per liter of the BOD (or COD), suspended solids, and phosphorus
24 respectively in the user's sewage and (b) the allowed concentra-
25 tions set out in paragraph 801. The surcharge for each consti-
26 tuent will then be determined by multiplying the excess pounds of
27 each constituent by the appropriate rate of surcharge set out in
28 paragraph 803. In the event COD measurement is used, as herein-
29 before provided, 50% of the excess pounds measured will be used
30 to compute the equivalent BOD charge.

31 803. Rates of Surcharge. The rate of surcharge for each of the afore-
32 mentioned constituents shall be as follows:

- 1 a. For biological oxygen demand (BOD) -(3.983)cents per pound
2 b. For suspended solids (SS) -(3.978)cents per pound
3 c. For phosphorus (P) -38.177 cents per pound
4 804. Waste Evaluation Charges. All users discharging wastes into the
5 system requiring continuing surveillance, sampling and waste
6 evaluation shall be subject to a monthly fixed charge to cover
7 the costs of such services in the amount of \$75.00 per discharge point.
8 805. Revision of Rates of Surcharge. Prior to May 1 of each year, the
9 General Auditor of the City Utilities and an independent certified
10 public accountant employed for that purpose shall submit to the
11 Board of Public Works a comparison of the calculated unit costs for
12 removing BOD, suspended solids, and phosphorus from the Sewage
13 Treatment Plant influent during the previous calendar year with the
14 unit charges currently in effect in order that the Board may determine
15 whether the current rates of surcharge are adequate or should be
16 changed and request legislative enactment of said changes by the
17 Common Council.

18
19 ARTICLE IX. ZONE SURCHARGE

- 20 901. The charges for sewerage services rendered to users situated outside
21 the primary zone of the City of Fort Wayne shall be 136% of the
22 charges collected from users for the same services rendered within
23 the primary zone as defined and described in the map attached hereto
24 and made a part of this ordinance. The purpose of this surcharge is
25 to recover funds contributed from civil city tax levies used hereto-
26 fore to construct facilities of the sewage works located within the
27 primary zone. This surcharge shall terminate on December 31, 1981
28 or after collections therefrom shall equal \$990,000.00 whichever
29 occurs sooner.

30
31 ARTICLE X. BILLING OF SERVICE CHARGES

- 32 1001. Billing Period. Charges for sewerage-service shall be prepared and

1 billed by the General Office of the City Utilities along with the
2 bills for water service and shall be payable at the General Office
3 at the same time as the water bills.

4 1002. Liability for Payment. The charges for sewerage service shall be
5 billed to the person being billed for water service unless, by
6 contract with the Utility, another person assumes such responsibility.
7 If a tenant is billed, the owner shall in no way be relieved of
8 liability in the event payment is not made by the tenant as herein
9 required. Such owner shall have the right to examine the City's
10 collection records to ascertain whether such charges have been paid.

11 1003. First Billings. The rates, charges and surcharges fixed in this
12 ordinance shall be extended to and cover any additional premises
13 hereafter served without the need for any hearing or notice. If the
14 first billing to a new user covers a period other than a full billing
15 month, then the service charges for such billing shall be made in
16 keeping with standard practice in the Water Utility. Subsequent
17 sewerage service billings shall be for periods coinciding with the
18 billing periods for water service. If such rates, charges and/or
19 surcharges are changed, the first billing after such change may also
20 be for a period other than a full billing month in order to keep the
21 sewerage billing periods coincident with the water billing periods.

22 1004. City Subject to Charges. For sewerage service rendered to the City,
23 the City shall be subject to the same rates and charges herein
24 established for other persons or to rates and charges established
25 in harmony herewith.

26 1005. Consolidation of Accounts. Where an industrial, commercial or other
27 non-residential enterprise is operating in a unified manufacturing
28 or service area composed of two or more contiguous parcels of real
29 estate and is supplied with water through two or more meters, upon
30 application by the owner or his authorized agent, a consolidation of
31 the water meter readings shall be made for the purpose of calculating
32 the sewerage service charge.

Charles W. Westerhouse
CITY CLERK

Passed and adopted by the Common Council of the City of Fort Wayne, Indiana, as
(ZONING MAP) (GENERAL) (ANNEXATION) (SPECIAL) (APPROPRIATION) ORDINANCE

(RESOLUTION) No. 8-155-78 on the 12th day of September, 1978
ATTEST: (SEAL)

Charles W. Westerhouse
CITY CLERK

Samuel J. Talarico
PRESIDING OFFICER

Presented by me to the Mayor of the City of Fort Wayne, Indiana, on the 13th
day of September, 1978 at the hour of 11:30 o'clock A M., E.S.T.

Charles W. Westerhouse
CITY CLERK

Approved and signed by me this 15th day of September, 1978,
at the hour of 3:30 o'clock P M., E.S.T.

Ralph E. Hunschong
MAYOR

8-22-78

Mr. Samuel Talarico
President City Council

HAVING VOTED WITH THE majority of City Council,
I request a reconsideration of 5-28-06-35 at
the next regular session of the Common Council.

Wm. H. Talarico

ATTEST:

Charles W. Westerman
CITY CLERK

DATE AUGUST 22, 1978

I believe we can safely reduce this rate increase \$758,013 which allows a rate increase of \$1,000,000. This is an increase of approximately 25% versus 45%.

This amount is a prudent balance between meeting all expenses of Water Pollution Control and respectfully serving the ratepayers.

Winfield C. Moses, Jr.
Vice President of City Council

WCM/rph

AMENDMENT TO BILL NO. S-78-06-35
